- Our population continues to climb by leaps and bounds. The increase in the total AHCCCS population from October 1, at 657,490 to 678,662 as of November 1, is 21,172.
- Since January 1, 2000 the total AHCCCS population has increased from 552,077 to 678,662. This is a 23% increase (126,585).

There was another growth of 12,568 in the 1931 AHCCCS for Families & Children because of the shifting of populations from SOBRA Child of approximately 4,800 to 1931; about 3,400 from TMA and an increase in the expansion population of 3,122. As a result of the shift of SOBRA children to 1931 the total of SOBRA children experienced a further decrease of 3,566 to 77,075. In addition, because of the increase in the 1931 income limit from 36% of a 1992 standard to 100% FPL we have added 10,737 since 9/1/01, to the regular 1931 population.

- The Title XIX Waiver Spend down and Non-spend down groups increased to a total of 37,437, a growth of 9,164. 5,037 of the 37,437 represents the Prop 204 Expansion Population.
- The 1931 Expansion (34,629), the SSI Expansion (8,910), and the Expansion Title XIX Waiver Group (5,037) total 48,576.
- The KidsCare program rebounded with an increase of 1,075 from 53,685 to 54,760.

Note: This figure does not include members in the Premium Sharing Program, Health Care Group or the Medicare Cost Sharing Programs, SLMBs and Qualified Individuals. If these populations were added in, the total would be approximately 704,000.
